Future Educaation: Yes, ive decided to go back to school

I'm excited to share that starting Monday the 20th, I'll be beginning a 12-month, two-part instructor program at MATC to earn my teaching license in nail artistry and cosmetology.

This step is part of our long-term vision to expand the boutique into a school, preparing future nail artists and instructors. After I graduate and pass my state boards, I'll be able to bring even more value to the boutique and potentially teach at MATC as well, though that's something for the future.

Rest assured, my availability for appointments remains unchanged, so you'll still get the same great service without any interruptions. I'll keep you all updated as this journey unfolds!

NAIL IT FORWARD

Donations

**CLAIM THIS MONTH
BOX**

At NajeeRenee Nail Boutique, we believe in the power of community and the importance of giving back. That's why we've created the "Nail It Forward" donation box, a special initiative designed to support those in need within our community.

Every month, on the last Saturday, we offer this box to anyone who needs it. The contents are a blend of donated items from our generous clients and members, along with essential hygiene products and other goodies purchased specifically for this cause. It's our way of paying it forward and ensuring that everyone has access to a little extra support when they need it most.

The name "Nail It Forward" is actually a playful twist on the concept of "pay it forward." Just like when someone buys an extra slice of pizza for someone else who can't afford it, our "Nail It Forward" box ensures that a little kindness is passed along to those who need it.

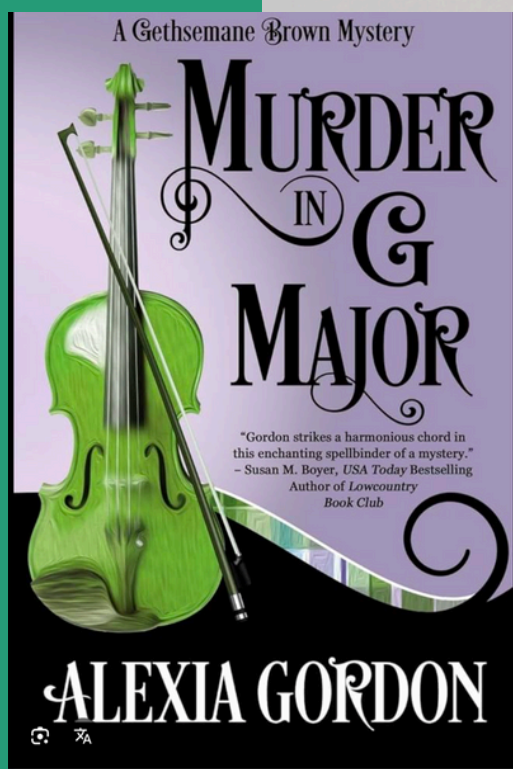

Once a box is claimed, our guests will have to wait until the following month to receive another, ensuring that as many people as possible benefit from this initiative.

We're proud to have a community that cares and gives back, and the "Nail It Forward" box is just one of the many ways we strive to make a positive impact.
