

# 2024 -NAJEERENEE - GELX BASICS TRAINING & RETURN

**Overview** - Two day class teaching, demonstrating, answering questions about all types of Gel x application, and guided hands on application learning. A return visit back on site to follow up with nail techs, and owner to answer any new questions about Gel X techniques and services.

## What will the training days look like?

**Day One** - Introduction to Gel X Nails / Basics & Demos

- Explain Kits Contents
- Explanation of various gel X product types
- Informational Videos & Training Content
- Costs & where to purchase
- Benefits of gel X as a nail tech
- Questions
- Demonstration

**Day Two** - Hands On Guided Learning (Attendees may bring a model to work on or personal practice hands- **not required** | practice hands come inside kits)

- Gel X Nail Prep application
- Gel X application
- Gel X sealing technique

## Client Connection

The client who booked the class for the business will have time during Day Two, to sit with me one on one and ask any questions about this service, how it can benefit the business etc.

## Return Visit

30 day return back on site. This visit will ensure that the client and their technicians will have had the most beneficial experience and support to pair with the training provided.

## Attendees Will Need

- 1 Kit
- E- file
- Notebook / Pen

## Attendees May Bring:

- Model for Day Two
- Personal Items - UV Light
